CM18445

### 1- to 4-line capability

Compatible with anywhere from one to four telephone lines.

### Customizable music on hold

Includes a 3.5 mm jack for connecting other music devices such as MP3 player, boom boxes, tablets or smart phones. Record your own music or stream it real time.

### Auto attendant on each line

Auto attendant answers outside calls, provides callers with a company directory, automatically forwards calls to a specified extension, and enables callers to record voice messages when there is no answer.

### Digital answering system\*\*\*

Digitally records up to 180 shared minutes of incoming messages, outgoing announcements, and memos.

### 6-Party conferencing

Allows you to have a six-way conversation between you and five other parties. The five other parties can have a maximum of four outside lines.

CM18045

## DECT 6.0 digital technology

The CM Series uses this superior-quality voice and sound technology, providing high protection against wiretapping, and the best range, while not interfering with wireless routers. Only installation needed is connecting the power cord to power and pushing the registration button.

## 1- to 4-line capability

Compatible with anywhere from one to four telephone lines.

## Standalone cordless station

Works as an independent station with its own extension number and call log as part of the VTech 4-Line Small Business System. Set up a separate mailbox, personal greeting and phone book; page and intercom other system devices; and forward calls and messages.
